COACH'S RECOMMENDATION:

"Jackson Gerard is a tremendously gifted young man. At his age, he checks all the boxes of a student athlete who is an elite competitor. Around his teammates and peers, he leads courageously. If there's a student that I do not have to worry about academically or socially, it would be Jackson. His character is unquestionable, and his commitment to the school while helping his teammates is unrivaled. During the 2018 football season, Jackson helped us achieve an 8-1 overall record and a share of the Metro Suburban Conference (MSC) championship. Our amazing success during the season was due in large part to Jackson's control of our offense and his ability to make tough decisions in difficult game situations. It is my belief that as he develops at the next level, he will amaze scouts and recruiters alike. His commitment to athletics and academics, along with his elite athleticism and decision-making skills will help him tremendously at the next level and beyond."
